

## Darwin Park

### Taylor Woodrow

completed: 2006

approx. project value: Undisclosed

As master plan landscape consultants Bea Landscape Design were commissioned in 2000 to provide consultancy services for the planning application by Bryant and Westbury Homes for the initial phase of development. Further commissions have included the design of plot landscapes and the extensive public open spaces within the 60ha development including Trunkfield Brook and Cathedral Walk

#### Scope of work:

#### Landscape consultant:

The original project involved landscape master planning in conjunction with the project concept architect and the preparation of plot landscape proposals including the public open space Trunkfield Brook.

Bea Landscape Design were then instructed to prepare detailed planting and hard landscape proposals for Trunkfield Brook, Cathedral Walk and the associated linkage spaces and play area in close liaison with Lichfield District Councils parks and leisure department.

#### Programme.

Commissioned in 2003, the project was finally completed in 2006.
